

Race Report For Johnny Greaves  
Antelope Valley Fairgrounds  
April 22, 2007 – CORR Round #2

## **Greaves Goes Over the Wall in CORR Round 2 at Antelope Valley**

Johnny Greaves hopes of a first weekend sweep went over the edge in the first turn at the tight Antelope Valley Fairgrounds Raceway as the entire field seemed to try and win the race on the first lap. The race was “red-flagged” and restarted.

“No one let off and it all just got crazy out there,” explained a disappointed Greaves. “I saw a good dry line in front of me and I just couldn’t help myself and I had to go for it.”

Greaves was not the only casualty of the incident as only 7 out of 14 trucks continued the race after the first turn mêlée. With Greaves, Cenni, Huseman, and Douglas all going out early, Carl Renezeder went on to capture the win.

Greaves was coming off a banner performance on Saturday where he swept both pro 4 races of the day for the Monster Energy, Potawatomi Toyota Pro-4 Team. “I had a great day yesterday and was hoping to follow it up with another strong win, but things just didn’t work out today”, stated Greaves. Don’t worry - We will be back.”
