

## **Greaves Gambles His Way to the Top in Round 9 at Bark River with a Monster Start**

*Bark River, MI (August 12, 2007)* – Johnny Greaves must have slammed a green Monster Energy drink before the start of the final race of the weekend here at Bark River. He took a huge holeshot away from the field from the 8<sup>th</sup> spot and charged in for a big win. The win put Greave's Monster Potawatomi Toyota in control of the Pro 4 points lead with an 11 point lead leaving Bark River round 9.

“I seem to be running well here at Bark River this year and it always feels good to win in front of my sponsor Forest County Potawatomi here in their backyard,” said Greaves. “I knew if I got a good start I stood a good chance of winning.”

Greaves and TRD took some risk running the engine full-out since the engine was showing some issues on the diagnostic equipment. “The engine had some time on it and we made the decision to go with it instead of making another engine change this weekend,” said Greaves' crew chief Curt Greaves. “Johnny made our decision look good with the great start he got.”

“The motor actually ran pretty good,” stated Greaves. “I guess the boys at TRD were just really on their game with the engine diagnostics – these guys are the best!”

Greaves continues, once again to demonstrate his talent and passion for the podium and will make a run at both the WSORR and the CORR series titles.
